Permit Application Instructions Lake Structures

PLEASE RETAIN FOR YOUR RECORDS

Permit Application Instructions

- All areas of this packet must be completed; all forms and items required for submittal must be complete prior to application being accepted
- Items required for permit submittal are identified on Page 3 of this packet

Permit Review Process

Once all required submittals are completed and submitted, review steps are as follows:

1. Submittal Review – Verification that all required submittals are present and completed properly
2. Shoreline / Zoning Review – Ensures the project is taking place within the buildable area of the property; confirmation of property information including Tax Map #, Zoning District. Comprehensive review of shoreline packet requirements (separate packet) will be completed.
3. Building Plan Review – Comprehensive review of project plans will be completed to ensure all structural elements are identified and will meet all current building codes.
4. Final Review – Ensures all requirements have been satisfied.
5. Permit Issuance – Community Development staff will inform primary contact when permit is ready for issuance. All fee balances are due at permit issuance.

Inspection Requirements - SAME-DAY INSPECTIONS ARE NOT AVAILABLE

Inspections are typically required to be completed in the following order:

1. Electrical Ditch, if applicable
2. Framing Inspection
3. Electrical Rough-In, if applicable (can be combined with framing inspection)
4. Final Electrical Inspection
5. Final Building Inspection (can be combined with final electrical inspection)

Submittal Requirements

Lake Structures

INCOMPLETE SUBMITTALS WILL NOT BE ACCEPTED

Required forms and submittals provided by applicant or applicant's contractor:

- Deed/Recordation Receipt** - if the property is not listed in the applicants' name
- Plat of property** - must include either an engineered plan or a drawn-to-scale plan showing building location and include the following elements:
 - Location of proposed structure(s)
 - Dimensions of proposed structure(s)
 - Setback measurements for proposed structure(s) - if your proposed structure appears to be within 20 feet of the minimum setbacks, a foundation survey and/or setback certification will be required. Setbacks are measured from the closest point of the structure (including any attachments) to the closest point of the property line or assumed right-of-way.
- Building Plans** - 2 complete sets
 - Scaled or fully dimensioned and shall bear the name, address, and contact information of the designer
 - Plans shall be deck-specific and only contain details, specs, etc. for that specific site; no generic, non-specific plans will be accepted
 - Must include all attachments, decks, porches and overhangs
- State Contractor's License** (or Contractor License Exemption form in lieu of License)
 - State Contractor's License must include applicable trades
- Louisa County Business License**
 - Not required if submitting Contractor License Exemption affidavit
- Responsible Land Disturber's Certificate**

Additional submittals that may be required:

- Pre-Engineered Product Specification Sheets** – only required if using pre-engineered products in the project

Additional submittals required if project property is on Lake Anna Shoreline:

- Louisa County Shoreline Packet for Lake Structures (separate packet)**
 - If any portion of the project affects property owned by Dominion Power, approval will be needed. It is recommended that Dominion Power be made aware of your project prior to submission.
